SOWK 301 Introduction to Social Work (3)
This course introduces students to the social work profession with a focus on historical foundations, professional licensure and continuing education unit (CEU) requirements, scope of practice and roles, and relationship to other disciplines and areas of service. As the introductory course in the baccalaureate Social Work Major, it takes a generalist approach to social work. Students begin to develop their personal philosophy of service as they reflect on how Christians have worked within the helping professions to carry out God’s redemptive purposes in the world. During the course, students are required to submit to a criminal background check and fingerprinting in preparation for work in the field. Students may complete the background check through Point University’s Human Resources (HR) Department.

SOWK 497 Social Work Field Seminar (3)
In this field seminar experience for the Bachelor of Social Work, students shadow an experienced professional in a direct service setting, observing and practicing generalist social work competencies. The experience offers learners a variety of opportunities to receive feedback and evaluate their ability to integrate theory into practice. Students are responsible for identifying potential sites (preferably near their home) and inquiring about seminar opportunities. The practicum supervisor must be a licensed social worker who holds a bachelor’s or master’s degree in social work from a CSWE-accredited program, has a minimum of two years of post-social work degree practice, and currently works full-time in the profession. Both the site and the supervisor must be vetted and approved by the CGPS Social Work Program Director two sessions (16 weeks) prior to the start of the semester. Point faculty assist with arrangements once the supervisor and site are confirmed. To receive credit for SOWK 497, students must complete 50 hours of field education for an average of 6-7 hours per week during the 8-week session. The 50 hours typically consist of about 18 hours of preparation (completing field-related paperwork, a criminal background check, securing liability insurance, arranging and participating in interviews, etc.) followed by about 32 hours of shadowing professional social workers. In cooperation with the field seminar supervisor, the student and field education director design specific learning experiences that build skills for working with individuals, families, groups, organizations, and communities.

Prerequisites: All other courses in the Social Work Major with the exception of SOWK 498A-B Social Work Internship

Special Consideration: SOWK 497 is graded on a pass/fail basis using a point scale

SOWK 498A Social Work Internship I: Fieldwork (3)
In this capstone experience for the Bachelor of Social Work, students practice generalist social work competencies under the oversight of a Point instructor and a qualified field supervisor, demonstrating their ability to integrate theory into practice. Students are responsible for identifying potential sites (preferably near their home) and inquiring about internship opportunities. The field supervisor must be a licensed social worker who holds a bachelor’s or master’s degree in social work from a CSWE-accredited program, has a minimum of two years of post-social work degree practice, and currently works full-time in the profession. Both the site and the supervisor must be vetted and approved by the CGPS Social Work Program Director two sessions (16 weeks) prior to the start of the internship. Point faculty assist with arrangements once the supervisor and site are confirmed. To receive credit for SOWK 498A-B, students must complete 400 hours of field education working with individuals, families, groups, organizations, and communities (approximately 25 hours per week over two 8-week sessions). Toward this end, specific training models are designed by the student and program director in cooperation with the supervisor. During SOWK 498A-B, students also complete the BSW Generalist Social Work Capstone Portfolio Project, which includes a reflection paper and supporting documents that display the extent to which the student understands and can apply the knowledge, skills, and values of generalist social work practice.
